

Air Conditioning Service Engineer, Weybridge

We are looking for an experienced Air Conditioning engineer who is based within a reasonable travelling distance of Weybridge, Surrey.

The Role:

- This role will report to our Chatham (Kent) branch but will be mainly responsible for the service and maintenance of air conditioning equipment for our large client based in Weybridge.
- 80% of your work will be on one site, but there will be a requirement to travel to other sites within a reasonable travelling distance, dependent on branch need.
- Engineers are required to cover an out-of-hours on-call service on a rota basis. All overtime / out of hours work is paid on enhanced rates.
- Ongoing training and development opportunities are available through our recognised training school offering City & Guilds accredited courses.

The Candidate:

- Solid working knowledge and experience as a senior air conditioning service engineer on commercial, industrial and domestic sites.
- Refrigerant handling C&G2079 is essential.
- Minimum NVQ 2 or equivalent in Refrigeration and Air Conditioning.
- Confident with the ability to work independently
- Must be based within a reasonable travelling distance of Weybridge and have a full, valid UK driving licence.
- Standard hours are 40 hours per week with the requirement to cover out of hours call outs on a rota basis.

Screening:

- Due to the nature of business of our client, the successful candidate will be required to receive certain inoculations as well as undergo security and criminal record screening.

We offer a competitive salary with the option to earn additional income from generous overtime payments and call out rota.

To apply for this role, please complete an application form and email or post it to us. The application form can be found on the Careers page of the Adcock website.
